WORK EXPERIENCE

App Studios LLC   **March 2021 - Present**

Full Stack Web Developer   Dahlonega, Ga

- Worked with clients directly to create and protect websites
- Created backend database systems using PHP
- Worked closely with management to effectively produce deliverables
- Seamlessly communicated with graphic designers to implement front end mock-ups

Project: Stamina   **October 2018 - February 2021**

*Programmer*_____Remote

- Worked within Unreal Engine 4's Gameplay Ability System
- Created unique characters with dynamic combat actions
- Implemented an active character-augment system routed through GAS (Gameplay Ability System)
- Acquired an understanding of the costs and benefits of crowdsourcing
- Managed trade-offs between technical debt and goodwill with stakeholders

World Touch Gaming   **May 2018 - August 2018**

*Programming Intern*_____Cumming, Ga

- Delegated programming tasks and responsibilities to team members
- Wrote core game logic including hand evaluation and chat system
- Configured server-side database to properly read and write player data
- Gained appreciation for well-written, elegant programming solutions

EDUCATION

Gwinnett Technical College   **Graduated 2019**

Associates of Computer Science, Video Game Development   Lawrenceville, Georgia
Certificate of Game Development

Georgia Tech Web Coding Bootcamp   **December 2021 - Present**

                                                                   Atlanta, Georgia
